About The Trust

Since 1987, the Chebeague & Cumberland Land Trust has worked to protect vital natural resources in the Towns of Cumberland and Chebeague Island including nesting islands, coastline, wildlife habitat, ponds, wetlands, riparian areas, forests and farmland. The Trust currently has under its protection sixteen properties—eight on the mainland and eight in Casco Bay, totaling 572 protected acres. Many of the properties provide wonderful recreational opportunities for the public to enjoy forever. Visit our website at www.ccltmaine.org for information about each of the properties and ongoing activities.

Membership

Strong membership is the key to the Trust's success. CCLT relies on member support for conservation planning, new acquisitions, and stewardship of our existing properties. The land we protect and steward today will enhance the character of our landscape and communities forever. Invest in your community's natural resources. Collectively, we can make a difference. The Trust and future generations appreciate your support.

Members will receive our biannual newsletter, a booklet describing each of CCLT's protected properties, a regional map of protected areas, and invitations to special events.

Volunteer

Members are also encouraged to become more involved in activities such as: land stewardship, conservation planning, educational and membership activities, trail building and maintenance, special events, fundraising and public relations. Volunteers are the heart of the Land Trust and we welcome your participation.
