

Stewardship

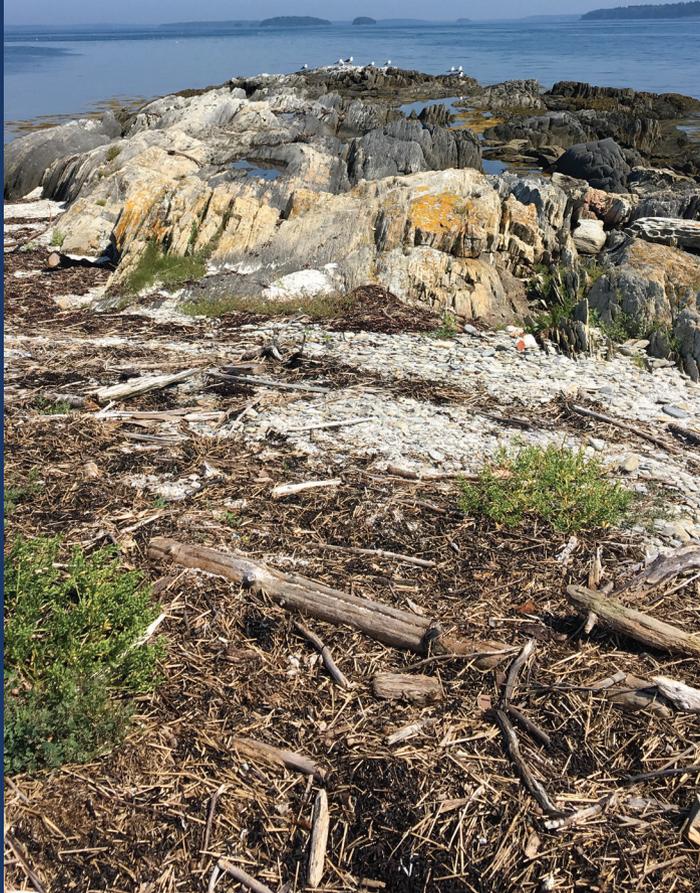

Strong membership is key to CCLT carrying out its mission. CCLT relies on member support for preserving land, educational events, and stewardship of our properties. Membership is an investment in your community's natural resources. The land we protect and steward today will enhance the character of our local landscape and communities forever. Collectively, we can make a difference. CCLT, and future generations, appreciate your support.

Passionate community members created CCLT and it thrives today thanks to the continued efforts of volunteers. We encourage members to become involved in activities such as: serving on a property stewardship team, doing trail work, or offering your professional skills and expertise to the many aspects of our nonprofit's work.

“

We have come to learn many of our town's special places have been protected, and so our many adventures made possible, by the efforts of CCLT, its members, land partners, and supportive Town officials. For their forethought and generosity, our family is deeply grateful.”

Our mission

is to preserve & protect the intrinsic values and public benefits of the natural resources in the towns of Chebeague and Cumberland.

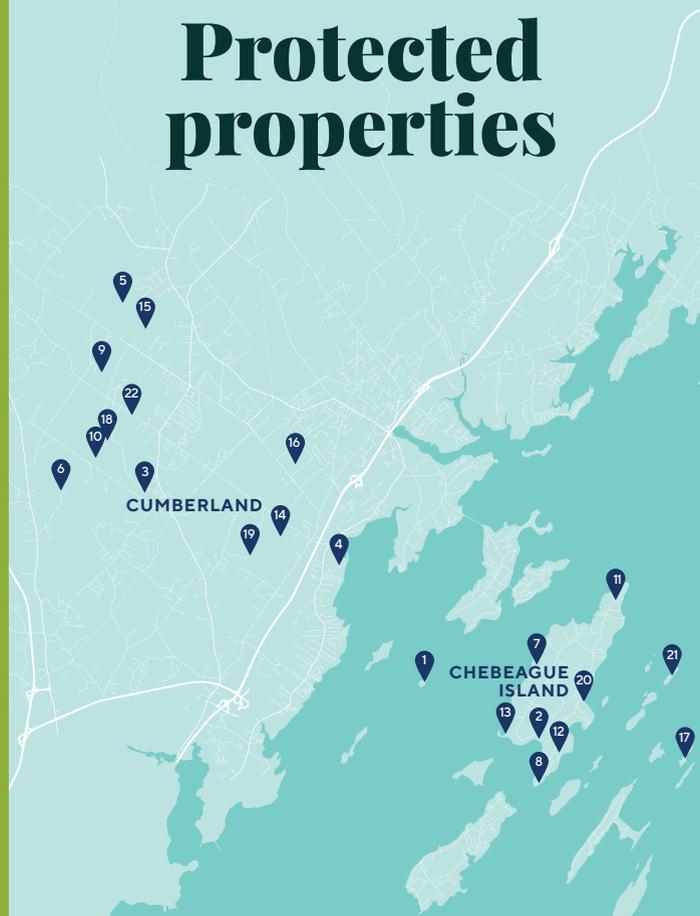

About The Trust

Since 1987, the Chebeague & Cumberland Land Trust has worked to protect vital natural resources in the Towns of Cumberland and Chebeague Island including nesting islands, coastline, wildlife habitat, ponds, wetlands, riparian areas, forests, and farmland. Most of the properties provide wonderful recreational opportunities for the public to enjoy forever. Visit www.ccltmaine.org for information about each property and our events.

Protected properties

CCLT currently has 22 properties under its protection – twelve on the mainland and ten in Casco Bay, totaling roughly 900 protected acres.
